

## MANUFACTURER'S CERTIFICATION STATEMENT – 2023

### TAX CREDITS FOR ENERGY-EFFICIENT PRODUCTS

This Manufacturer's Certification Statement is provided to inform you, the taxpayer, that certain Waudena® Entrance Systems products may qualify for the 2023 Federal Energy Efficient Home Improvement Tax Credit.

Exterior doors that meet the ENERGY STAR criteria under which they were installed may qualify for the credit.

Waudena® Entrance Systems, located at 7102 Commerce Drive, Schofield, Wisconsin 54476, hereby certifies certain exterior doors may qualify for the credit. Please reference the ENERGY STAR qualifications chart at [www.waudena.com](http://www.waudena.com) for products that may qualify for the tax credit allowed under the Internal Revenue Service guidelines, which are installed as an exterior door. It is recommended that the taxpayer retain their purchase receipt for each eligible door.

Please refer to the following websites for additional information about the tax credit:

<https://www.energystar.gov/about/federal-tax-credits/exterior-doors>

The 2023 tax credit pertains to products purchased and installed from January 1st, 2023, through December 31st, 2032. This document only certifies that Waudena® Entrance Systems offers products that may qualify for the 2023 Federal Energy-Efficient Home Improvement Tax Credit and not as an assurance that a homeowner will qualify for the tax credit.

Waudena® Entrance Systems assumes no liability regarding the homeowner's ability to obtain any tax credit. The homeowner should consult with their tax professional or the Internal Revenue Service to confirm their eligibility for the tax credit.

Under penalties of perjury, I declare that I have examined this certification statement and, to the best of my knowledge and belief, the facts are true, correct, and complete.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Schroeder", written in a cursive style.

Ryan Schroeder  
Director of Product Management
